New Corps of Engineers resource management officer selected

KANSAS CITY, Mo.— Jeanne Curtis-Thompson of Independence, Mo., is the new Resource Management Officer for the U.S. Army Corps of Engineers Kansas City District and replaces Virgil E. Bridges, who retired in December after 32 years of federal service.

Curtis-Thompson brings a wealth of experience to the position, most recently as a military analyst with the Battle Command Training resource program for the National Simulation Center at Fort Leavenworth. In this position, she provided leadership to her office while integrating efforts across the Army for multiple Battle Command Centers related to Army budget and manpower guidance.

Curtis-Thompson is no stranger to the U.S. Army Corps of Engineers, having worked in the Kansas City District in a variety of positions. She is a graduate of the district's Leadership Development Program.

Curtis-Thompson is a graduate of William Chrisman High School in Independence, Mo., and a 1995 graduate of MidAmerica Nazarene University with a management degree in human relations and a degree in accounting.

For more information, please contact the Kansas City District's public affairs office at (816) 389-3486.
